Sub: Updating the cases of K2 rejected after Sanction in Portal

You must be aware that the K3 Component is going to be implemented by the Higher Education Department which will be launched shortly. As the K2 girls are eligible for applying for K3, this department needs to share the sanctioned database with HED for verification of K2 status. There may be cases which have been rejected after sanction and prior to disbursement due to some genuine reason which is not known to the department and even not reflected in the portal. Now to ensure that the data we share with HED is free from error, the sanction/rejection status of each of the K2 girl has to be updated in the portal through a provision available at DPMU login. This exercise will also be supported by a certificate from the District Magistrate as per the proforma given below.

This is utmost important and must be completed within 30th September, 2017 so that data shared between the departments are error free. This will be a regular exercise from now onwards.

<table>
<thead>
<tr>
<th>Kanyashree Year</th>
<th>No of K2 sanctioned</th>
<th>No of K2 disbursed</th>
<th>No of K2 rejected after sanctioning with list signed by the DM/ADM (SW)</th>
<th>Remarks</th>
